Our school Eco Committee are on the campaign trail and have written a message to parents:

Please could all parents try to park at the village hall and walk in to school.

Why should we walk to school where possible?

The air is being polluted by our cars when we drive. When we drive to school and park outside, it can be dangerous for the children trying to get to school. It means people can't see us crossing the road and people are more likely to speed past. Walking will keep us safer, healthier and look after the environment.

Please help keep us safe.
