SAFER INTERNET DAY

As part of Safer Internet Day, we are sending home a small family project. For this, we would like the children to design their own poster 'Brabin's recipe for a safer internet'.

Please could the children draw, write and add pictures with advice on how we can make a change for example be kind online or don't share your personal information, they can make it colourful and bright.

On the poster can the children include our school logo and their names. We will pick one to have as our safer internet poster for school and display this in each classroom. Please find attached a sheet for the children to use or they can use their own paper.

Please could the children return their poster to school by Monday 5th February.
