### Mental Health and Well-being

As part of our whole school approach to measure/ monitor pupil and staff well-being, the school uses the SDQ (strength and difficulties questionnaire) framework to capture the perspective of our school community. As we are aware, pupil well-being influences both physical and social health so we are excited to be taking a pro- active approach to looking after pupil mental health at Brabin's.

Please also see attached information regarding mental health and wellbeing support, available for parents via Kooth.

Trail packs available to buy in advance on the playground this Thursday 3rd and Friday 4th April, cash only please.

**Please see the attached sheet regarding illnesses/infections and whether children need to be kept off school. Information is also provided relating to as and when to inform school. Many thanks**
